

**§ 9.83 Coordination of AMRAP activities in National Park System units.**

(a) To facilitate compliance with this Subpart, each AMRAP agency will designate a coordinator for AMRAP activities in Alaska who will be the central point of communications with the NPS. The AMRAP agency is responsible for notifying the Regional Director of such designation.

(b) By January 1 of each year, the designated coordinators for the AMRAP agencies will, in consultation with the Regional Director, schedule an interagency meeting to be held by January 31 of each year. Representatives of the AMRAP agencies and the NPS will meet to develop a mutually agreeable schedule of AMRAP projects and activities in Alaska units of the National Park System. Where practicable, AMRAP agencies will consolidate their field activities, including access and field camps, to minimize disturbance to park resources and values.

**§ 9.84 Application requirements.**

(a) By February 15 of each year, the designated coordinator of each AMRAP agency will forward to the Regional Director an application pursuant to § 9.84(b) for proposed AMRAP projects and activities discussed and reviewed at the annual coordination meeting held under § 9.83(b). Applications requiring additional information will be promptly returned to, or discussed with, the coordinator of the involved AMRAP agency to resolve any deficiencies.

(b) Applications will be submitted in a form and manner prescribed by the Regional Director and will contain at a minimum:

(1) The name of the AMRAP agency and responsible office and, where applicable, its designated contractual representative that will conduct the proposed activities;

(2) The name, office address and telephone numbers of the AMRAP agency persons or contractor persons who will supervise the proposed activities, and a list of all individual's names, addresses and telephone numbers who will be present at field activities;

(3) A list of any previous AMRAP activities or prior geologic and mineral

resource assessments that have occurred in the proposed study area;

(4) A discussion of overall project objectives, schedules and products, and how the proposed activities for the current application relate to those objectives;

(5) A description of the activities proposed for approval, including a detailed description of the collection techniques, sampling methods and equipment to be used in each area;

(6) Topographic maps identifying the specific areas in units of the National Park System where the agency proposes to conduct each AMRAP activity;

(7) The approximate dates on which the AMRAP activities for each area are proposed to be commenced and completed;

(8) A description of access means and routes for each area in which work is proposed including an estimate of the number of flights or number of vehicle trips;

(9) A description of the field support requirements proposed for locations on lands within units of the National Park System, including camp sites, fuel storage areas, and any other requirements;

(10) A discussion which documents that proposed activities will be carried out in an environmentally sound manner utilizing the least impacting technology suitable for the purposes of the project; and

(11) A description of how any disturbed areas, such as camp sites, will be reclaimed.

**§ 9.85 Environmental compliance.**

Each AMRAP agency is responsible for obtaining all required Federal, State, and local permits and must provide sufficient information to the NPS to ensure appropriate compliance with the National Environmental Policy Act of 1969 (42 U.S.C. 4321 *et seq.*), the National Historic Preservation Act of 1966 (16 U.S.C. 470 *et seq.*), and other applicable statutes.

**§ 9.86 Application review process and approval standards.**

(a) The Regional Director will review applications submitted pursuant to § 9.84 and will ensure that final action
